## News Update

### Reid Douglas Joins Everest Group International as Managing Director

**April 24, 2015 Atlanta, GA** – Everest Group International LLC (EGI) announced today that Reid Douglas is joining the firm as a Managing Director–Information Management and IT Services. Reid's Fortune 500 corporate experience includes operating as both CFO and CIO for the Anaconda Company's Uranium Division, managing Oil Revenue Accounting for ARCO Oil & Gas, and directing systems development for Burlington Northern Railway (BNSF). His areas of expertise are business transformation, business process redesign, IT assessment, IT architecture, and large-scale systems integration. Reid has designed and developed an automated claims processing system for United HealthCare, a global transaction-processing environment for Honeywell, an international data entry system for Citibank, and a worldwide document management infrastructure for Interpol. He holds a B.S. degree in Business Administration from the Arizona State University W. P. Carey School of Business. Reid will be based out of Boston, Massachusetts.

For nearly 30 years, Everest Group International LLC (EGI) has been providing C-level transformational, transitional, and growth leadership on an advisory, interim management, or oversight basis to owners, companies, private equity groups, Boards, family businesses, and clients of law firms and investment bankers requiring assistance in specific situations. EGI's services span the areas of C-level Interim Management, Advisory, and Corporate Governance; Operations Design and Optimization; Corporate Finance, Forensic, and Business Technology Services; M&A and Capital Raising; and Enterprise Growth and Global Business Development.
