### MANAGING DIRECTOR

Thomas Bosley

Tom has extensive C-level management experience in telecommunications, manufacturing, construction, and logistics industries. He has operated as COO, Board Director, and on Advisory Board assignments and his career spans the full range of disciplines including creating and managing entrepreneurial companies and large, continuously improving organizations. Tom has also taken a company into Chapter 11 bankruptcy restructuring and successfully re-launched it as a healthy new entity. His responsibilities have included C-level management for sales, marketing, product management, business planning, engineering, operations, and supply chain optimization. Tom's experience spans both North America and worldwide, including England, France, Germany, Sweden, Switzerland, Hong Kong, Japan, Afghanistan, and Iraq. His corporate career included management responsibilities at IBM, Concert, MCI Worldcom, TSI, and consulting for TNMG and EDS. **(B.S., Computer Information Systems, Mercy College; M.S., Telecommunications Management, Pace University)**
