MANAGING DIRECTOR

Bob Latham

Bob is an M&A Lead Advisor as well as a CEO and COO-level Operating and Turnaround Manager with a distinguished background in operations, marketing, and finance. He holds designations of Certified Business Intermediary and M&A Master Intermediary. Bob has held leadership roles in many buy-side and sell-side M&A transactions across an array of industries including Manufacturing, Construction and related trades, IT, Motorsports and Agricultural Equipment, Marine Services, Healthcare, Continuing Education, and Advertising. He possesses strong credentials in construction, manufacturing products, aerospace structures, plastic goods, engineered products, natural gas transmission, industrial services, product management, and process engineering. Bob's skill set includes business process mapping and improvement, manufacturing strategies, ERP systems, and ISO9000. His background includes Owner/Founder of a construction company while his corporate experience includes LTV Aircraft Products, SONAT (natural gas transmission), Rimnetics (custom plastic molding), Reflange (engineered piping products) and ATG Group (plastics contract manufacturing).
(B.S., Civil Engineering, Texas A&M University; M.B.A., Columbia University)
